LINK LIGHT RAIL

South 200th Street Project Consulting and Contracting

FACT SHEET

MARCH 2011

Project goals

Light Rail Service to South 200th Street - 4,500 daily riders expected at South 200th Street Station

Enhanced Mobility – Improved access to economic hubs at Sea-Tac Airport, downtown Seattle and the University of Washington, as well as neighborhood commercial areas

Congestion relief - Provides an alternate to driving on the congested Interstate 5 freeway and SR 99 and SR 518 highways

Project elements

- 1.6 miles of elevated double-track guideway
- New station at South 200th Street and 28th Avenue South with off-street parking, passenger drop-off area, and access to light rail and local bus rapid transit service
- Bicycle racks and secure bike lockers at station

Sound Transit is preparing to extend Link light rail from its current southern terminus at Sea-Tac Airport to a new station at South 200th Street in the City of SeaTac. The South 200th Street project is currently in a design refinement phase. The final design and construction phase is expected to continue in 2012. Link light rail service to South 200th Street may begin as early as 2016, pending Sound Transit Board approval.

Contracting

Sound Transit is considering various methods for design and construction of this project, including design-build. Sound Transit is evaluating the benefits of all options. Here's how to stay current on contracting opportunities for this and other Sound Transit projects:

Bid advertisement and notices

Bid notices are advertised at www.soundtransit.org/contracts, through e-Bid (our online site for contract information), and in the *Seattle Daily Journal of Commerce*. Specific bids may also be advertised in *Passenger Transport*, a national trade magazine published by the American Public Transportation Association. Bid notices and documents are available from Sound Transit's Procurement & Contracts Division during work hours (8 a.m. - 5 p.m. Monday through Friday).

The e-Bid advantage

You can be among the first to know about upcoming contract opportunities with e-Bid, Sound Transit's online system. Once registered, you can:

- Receive notifications of new solicitations via email
- View and download bid documents
- View and download document holder lists
- Access bid results and contract award information.

How to register:

1. Visit www.soundtransit.ebidsystems.com. Click on New Registration on the upper left side of the page.
2. Click Create New Company Record.
3. Enter your company name and email address and select a password. Click Next.
4. Go to your email to verify your registration. You are now registered!

Before registering in the e-Bid system, it is helpful to know the appropriate North American Industry Classification System (NAICS) Codes for products and services. Detailed information can be found on the U.S. Small Business Administration (SBA) website at https://eweb1.sba.gov/naics/dsp_naicssearch2.cfm.

Sound Transit posts all contracting opportunities where the estimated contract value is greater than $100,000. From time to time, Sound Transit also may post consulting and contracting opportunities less than $100,000.

Para hablar con Sound Transit en español acerca del light rail al sur del aeropuerto, llame al 1-800-823-9230 durante el horario normal de oficina.
